Re: Cassie Carganilla

To Whom It May Concern,

Cold Springs Medical employed Cassie Carganilla from 2004-2006 as my accounting assistant. During this time I was the Chief Financial Officer and her supervisor. Her main tasks were to handle all the accounts Receivable our board of Directors, which consisted of 3, doctors individual practice along with the receivables for our surgical center. In 2005 Cassie handled our billing from her home office. The system worked out very well. Cassie is an independent hard worker and always went over and above what was expected of her. She was a team player and a very reliable employee. I would highly recommend Cassie; she would be a great asset to any company.

If you have any questions please feel free to contact me.
