

October 14, 2009

To Whom It May Concern,

I am Dr. Scott Dorrity owner of Live Well Centers. Cassie Carganilla worked for my wife and I during the summer of 2009. She posted insurance payments in order for us to get caught up with our billing before our practice was sold. Cassie is very professional and understood our systems with very little instruction. She was always available when we needed her as well as always offered to help in other areas. If we hadn't moved out of state and sold our practice she would still be working with us.

Sincerely,

A handwritten signature in blue ink that reads "Dr. Scott M. Dorrity". The signature is written in a cursive style with a large, stylized "D" at the beginning.

Scott Dorrity
Live Well Centers
